05/2021 – 03/2024

Ahmedabad

Jr. iOS Developer, Openxcell Technolabs

Designed and developed feature-rich iOS applications for diverse industries.

09/2017 – 04/2021

Ahmedabad

Education

Master of Computer Application (MCA), Jaipur National University C.G.P.A : 7.6	2016 – 2018
Bachelor of Computer Application (BCA), Saurashtra University C.G.P.A : 7.37	2013 – 2016

Project Synopsis

iMote, iOS(Swift & SwiftUI)

iMote is an IOT base- a feature-packed universal TV remote control app. Compatible with all major TV brands, iMote transforms your smartphone into a powerful universal remote.

AI Daily Planner, iOS(SwiftUI)

AI Daily Planner brings together your tasks, events, reminders, routines, and notes in one clean and structured place. Whether you're managing work, study, personal habits, or daily routines, AI Daily Planner helps you stay organized and focused through the day.

AI PDF Scan Pro, iOS(SwiftUI)

AI PDF Scan Pro is a smart document scanning and PDF management application that helps users scan, organize, edit, and manage documents efficiently with an intuitive mobile experience.

MoverBOL, iOS(Swift)

MoverBOL streamlines moving operations with paperless Bill of Lading management, real-time updates, and integrated payments. It boosts efficiency through digital job tracking, inventory, and liability waivers for drivers and crew

Goya Image Generator & AI Art, iOS(Swift)

Goya is an AI-powered creative application that enables users to generate unique artwork, avatars, logos, and visual content through intelligent image generation and editing experiences.

Jet Management (Assila Air), iOS(Swift)

Jet Management app is used to fosters a smooth private jet booking process

Other Project

Alonesy, Sports Fan Trivia, Big And Strong, CampusPool, 360 Reference, ForPlay, Mover Inventory, MyBestLife, Scouval, Marketing Crew, Alphabeta, Hivekeeper, Waxy app (React native)

Award

Spot Award, Brainvire Infotech Pvt. Ltd.

Awarded for successfully delivering the iMote project on time with high technical quality.
